The SEAC membership year is January 1 - December 31. Membership payments received after October 31 will be applied to the following year. Members will receive the complete set of issues of the journal and the newsletter for the year.

\*Student membership is open to graduate, undergraduate, and high school students. A photocopy of your student ID must accompany payment. Student members do not get a paper copy of the journal, but can access it online.

\*\* Some members do not want or need the paper form of the journal. All members still have access to the journal online through the website. This option does not reduce the cost to members, but does save SEAC money.
